

## THE DEAL COMPLETED

Between the West Virginia Central and B. & O. Roads.

## ROUTE THROUGH TO PITTSBURGH.

The Grafton & Greenbrier to Be Made a Standard Gauge and the P., M. & P. to Be Extended to Uniontown. Great Mineral Lands Will Be Opened.

BALTIMORE, May 18.—An agreement has been signed between the Baltimore & Ohio and the West Virginia Central roads, under which the terminus to the west will be extended to Belington, W. Va. Here it will meet the Grafton & Greenbrier road, which is controlled by the Baltimore & Ohio, and is to be made a standard gauge. From Morgantown, W. Va., the Baltimore & Ohio agree to build a road to Uniontown, Pa., from which point it has lines to Pittsburgh. This will complete the northern connection of the West Virginia Central, and open up the mineral and timber regions of West Virginia.

## TERMS OF THE DEAL.

The papers to the agreement have been signed by President C. F. Mayer, of the B. & O., and President Henry G. Davis, of the West Virginia Central & Pittsburgh. By the contract the country between Pittsburgh at the north and Lynchburg at the south will be opened, through the West Virginia Central, to all railroad lines centering in those cities. This is to be accomplished by the West Virginia Central building a line from Elkins, its present western terminus, to Belington, a distance of about eighteen miles. To meet this extension the Baltimore & Ohio will widen to standard gauge the present narrow gauge of the Grafton & Greenbrier Road. From Grafton to Fairmont the road is part of the main stem of the Baltimore & Ohio, and the Baltimore & Ohio controls the road running from Morgantown to Fairmont. The Baltimore & Ohio agrees to build a road to Uniontown, Pa., from which place both the Baltimore & Ohio and Pennsylvania Roads run to Pittsburgh. This will enable the West Virginia Central to make through connections from any point on their line to Pittsburgh and the West by both of these lines for their growing coal and coke trade.

## OTHER PROJECTS.

The West Virginia Central already has a connection at Cumberland, by which it reaches the large Eastern ports by both the Baltimore & Ohio and Pennsylvania roads. From its western terminus at Elkins the West Virginia Central contemplates building south, with the intention of making a connection with the Warm Spring branch of the Chesapeake & Ohio. The engineers are now engaged in making preliminary surveys in an endeavor to find the most accessible route as nearly southward as possible to meet the Warm Spring branch at a point to which the last-named road will build north of its present terminus. The whole length of the contemplated improvements is about 120 miles, including the broadening the gauge of the Grafton & Greenbrier road. By the terms of the contract entered into the work is to be completed and opened for travel by April 1, 1892. President Davis says he already has a large force at work on the Belington extension. He adds that a force of 200 or 300 men will be put to work on the other connections as soon as the route is definitely decided. He expects all the work on his line to be completed by November, and has assurances from President Mayer that the Baltimore & Ohio improvements will also be ready at that time. Further time, however, is allowed to provide for unforeseen delays.

## EXTENDING THE LIMITS.

Additions Being Made to Fairmont—The New Normal School Building.

FARMINGTON, W. VA., May 18.—Active operations were begun this morning on the addition to Fairmont, on the Hamilton property. Twenty-five acres have been laid off into lots and the contract for grading the streets and alleys has been let to Colonel P. H. Bennett. The force of men is small as yet, and more hands are needed. Laborers can find ready employment here for the summer. The Baltimore & Ohio has decided to erect at once a commodious new depot here, and many other extensive and permanent improvements are under way. Council met to-night and took steps toward the immediate erection of the new water works, and the citizens of Loant Avenue are holding a mass meeting to-night to determine about zoning into the borough. To-morrow Fairmont will vote on the proposition to appropriate \$15,000 toward purchasing the Normal School building for the public schools, and the proposition will carry. This will give the State a new \$15,000 Normal School building in Fairmont, as the State has provided for that amount for the purpose. Everybody is busy, and laborers are scarce.

## COLLECTOR WHITE

Denies That He Is in Any Way Guilty of Contempt—His Position.

PARKERSBURG, W. VA., May 18.—Collector White denies that he has refused to produce in the United States Court evidence necessary to the trial of a co-seducer. He denies that in any way there has been trouble about getting exact information from his office by the District Attorney or court. He denies that the question of assessing penalties has anything to do with the case. He denies that the Department of Justice or has been put at any disadvantage in the prosecution of any moonshiners by the withholding of any evidence in the possession of the Collector, and affirms that in no way has he or his office aided law breakers.

The question is one as to whether the collector could comply with a subpoena issued for his records which the United States statutes require to be kept in his office but which in times past have been sent to court, and if not, whether he could not be put in the custody of his legal counsel for failing to "list" or "record" in "book" and not pertaining to the case before the court, could be ordered to appear on a subpoena calling for documents, and after being in court could refuse to produce them to the case before him from the custody of his deputy and ordered into the custody of the District Attorney.

In justice to Collector White and his office, it should be said that every case in which he has been accused of any tax evasion was before the court and was given fully, freely and honestly.

## THE HUNTINGTON MYSTERY.

As Dark as Ever—No Startling Disclosures Yet Made.

HUNTINGTON, W. VA., May 18.—The preliminary trial of Morris Davis for the killing of S. R. Watts and throwing the body in the river begun to-day. Davis is one of the eight parties accused. The evidence adduced is conflicting and points to no one yet. The girls who were inmates of the shanty boat where the murder is said to have been committed, and who, it is alleged, had turned State's evidence, have made no startling disclosures and the mystery is as deep as ever at this writing.

Rev. G. C. Dawson, formerly of Belpre, Ohio, now pastor of the Twentieth Street Methodist church is being tried by the trustees on a number of charges to-night.

## Damaged by Frost in Wetzel County.

Special Dispatch to the Intelligencer.

NEW MARTINSVILLE, W. VA., May 18.—The frost last night and night before damaged all early vegetables. It killed the grape crop, but did no damage to other fruits, except in a few localities. The grass in the fields and all young and tender sprouts look this morning as though fire had passed over them. The fog along the river and on the hills near by served as a partial protection. If it had not been for the drouth now prevailing the damage would have been great.

## Fire and Frost in Harrison.

Special Dispatch to the Intelligencer.

CLARKSBURG, W. VA., May 18.—This afternoon at one o'clock the dwelling house of John R. Stout burned with nearly all its contents; loss estimated at \$2,500. No insurance.

There was a heavy frost here last night. The grape crop is entirely destroyed, and other small fruits. The gardens are badly damaged. It is thought the wheat and apple crop is not injured.

## Caught Fire at Communion.

DEPTFORD, OHIO, May 18.—A class of 39 were receiving first communion in St. John's Catholic Church here yesterday when the veil of Miss Clara Emlinger caught fire from a candle. Her sister's dress also caught, and the crowded church was thrown in a panic. Cool hands extinguished the flames, but not before the young ladies had been burned about the face, and the exercises went quietly on.

## Big Fire at Joliet.

JOLIET, ILL., May 18.—The works of the Joliet Enterprise Company were destroyed by fire this morning, involving a loss of \$125,000, on which there was an insurance of \$80,000. Three hundred men are thrown out of employment.

## Navigation Suspended.

SPECIAL DISPATCH TO THE INTELLIGENCER.

PARKERSBURG, W. VA., May 18.—Navigation was suspended on Little Kanawha river to-day. Look No. 1 was condemned and closed for repairs and no steamers will be permitted to go through during the work of repairing.

## Like an Earthquake.

DALLAS, TEX., May 18.—Yesterday a magazine three miles south of this city, in which were stored three tons of gunpowder and two tons of dynamite, was exploded by lightning. A residence fifty yards away was shattered but the occupants escaped unhurt. A number of small houses a quarter of a mile away were blown down without loss of life, and in this city houses were shaken, windows broken and church bells rung.

## The Grand Duke Arrives at Moscow.

MOSCOW, May 18.—Grand Duke Sergius and his wife made their official entrance into this city yesterday amidst enthusiasm. The military and civil authorities presented them with bread and salt at the station. Afterwards the Metropolitan blessed them in the Cathedral. The Duchess was greatly agitated, this being her first appearance as a convert to the Russian faith.

## Nonsense!

LONDON, May 18.—The state of Mr. Blaine's health continues to attract great attention in the press of Great Britain. In discussing the Presidency, the Chronicle says: "Mr. Harrison, as a protectionist pure and simple, opposes Mr. Blaine's policy of reciprocity, and while on his tour it is most significant that he endeavored to take credit for the first fruits of this policy."

## Victims of the Jewish Riots.

LONDON, May 18.—The Jewish quarters of Corfu are still surrounded by troops, though the Jews are allowed to move about freely. The total number of victims of the riots is fifteen killed and twenty-five who died from privation.

## Lord Cavendish Dies.

LONDON, May 18.—Lord Edward Cavendish, M. P., died to-day from the influenza. He was the only surviving brother of the Marquis Hartington and Lord Frederick Cavendish, who was murdered in Phoenix Park.

## Scottish Miners' Actions.

GLASGOW, May 18.—Representatives of the Scotch miners decided to contribute to the support of the striking miners in the continent, and also to take steps to restrict the export of coal to the continent.

## A Discreet Measure.

LILBON, May 18.—Saturday the Bank of Portugal and Chamber of Commerce cashed notes to the amount of \$350,000 for the wages of troops and factory operatives, in order to avert possible disorders.

## Miners' Families Suffering.

OTTUMWA, IOWA, May 18.—The strike of the Iowa coal miners will soon be a thing of the past. If the strike is officially declared off, the men will willingly resume work, as their families are suffering.

## Plucky Villagers.

LONDON, May 18.—In an attack by Arnauts on the village of Seytze five persons were killed and many wounded. Plucky resistance was offered by the villagers.

## FATAL neglect is little short of suicide.

The consequences of a neglected cough are too well known to need repeating. Dr. Wood's Norway Pine Syrup cures a cough promptly. Sold by all dealers on a guarantee of satisfaction. DAW

## Miles' Nerve and Liver Pills

act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, children. Smallest, mildest, surest! Fifty doses 25 cents. Samples free at the Logan Drug Co.'s.

## THE CHILEAN REVOLUTION.

No Likelihood of its Ending Soon—The Battle in Caldera Bay.

NEW YORK, May 18.—Late mail advices received from South America state that there seems to be no possibility of an immediate ending of the Chilean war. In Valparaiso, business is at a standstill. Balmaceda's army is said to consist of 30,000 men. The principal business portion of Iquique has been destroyed.

The railroad played a very important part in the war on the Pampas. Guns were mounted on flat cars, and when the revolutionists ran out of ammunition they would make up a long train, put on full steam and dash into the Government train which they had been fighting.

An account of the fight between the war ships in Caldera Bay states that while the Blanco was at anchor the Government man-of-war launched twelve torpedoes. None of them but the last exploded. The twelfth torpedo exploded directly under the Blanco amidships, blowing a big hole in her and killing 180 of her crew and many of her officers and Secretary of the Navy Valdez Vergara.

## A DESPERATE MURDERER

Shoots Three Men While Trying to Kill His Sweetheart.

SCRANTON, PA., May 18.—Joseph Monke last night tried to kill Katie Barke, who lives with her mother, who keeps a hotel in Old Forge township. Several young men interfered and he shot Frank Rafferty and Harry Griffith, inflicting ugly wounds in their legs.

Monke then cleared the hotel of all who were on the lower floor, and after reloading his revolver went up stairs in search of Katie. He found a young woman who had been visiting the Barke girl, and with a pistol at her head, demanded Katie's whereabouts. The frightened girl fell over in a faint just as a party of Polanders rushed into the building. Monke fired at them, and Anthony Drowski fell mortally wounded with two bullets in his breast. Monke escaped and thus far has eluded arrest.

## TRAINING FOR THE RACE.

Harry Darrin Getting Himself in Shape to "Beat Priddy."

NEW YORK, May 18.—Harry Darrin, the English professional, is at the Berkely Oval, training for his running match with Peter Priddy at Exposition Park, Pittsburgh, on Decoration Day. The race is for \$1,800 a side, and the three mile championship of the world. Darrin does not look in good condition, and acknowledged he was not "feeling just right, you know," but thought he might get fit in the remaining two weeks. He is confident of beating Priddy easy enough, but it is possible he and his friends may leave their money in the Smoky City. The Englishman is a wonder, but Priddy is the fastest man we have.

## The following statement from Mr. W. B. Denny, a well known dairyman of New Lexington, Ohio, will be of interest to persons troubled with Rheumatism.

He says: "I have used Chamberlain's Pain Balm for nearly two years, four bottles in all, and there is nothing I have ever used that gave me as much relief for rheumatism. We always keep a bottle of it in the house." For sale by druggists.

## IF your name is not on the INTELLIGENCER'S Subscription Books make haste to get it on the list.

Notwithstanding increased size and general improvement there is no increase in price. Still better things are to come.

## Nat's Wife Gets Alimony.

NEW YORK, May 18.—Nellie Goodwin, wife of Nat Goodwin, has been awarded \$75 a week alimony pending her action for a limited divorce, on the ground of desertion.

## Changing Defeat to Victory.

The genius of Sheridan at Winchester changed defeat to victory. So when feeble adversaries in the shape of inefficient remedies fail to stay the progress of that obstinate and malignant foe, malaria, Hostetter's Stomach Bitters turns the tide—drives the enemy back. Nothing in materia medica, or out of it, compares with this as an opponent of every form of malarial disease. Chills and fever, dumb ague, bilious remittent and ague cake—it matters not—one and all are extirpated by the Bitters. To take a course of the great preparative in advance of the malarial season, is to buckle on, as it were, an armor of proof which defies attack. So fortified, so protected, you shall be scatheless. Remember, too, that the Bitters is an emollient of liver complaint, constipation, rheumatism, kidney complaints and dyspepsia.
